Mafia 2 is the sequel to Mafia: The City of Lost Heaven, and was developed by 2K Czech. It released on the PlayStation 3 and Xbox 360 on November 11, 2009, and was then published by 2K Games on November 20, 2009, the same day as the Nintendo DS version. The PC version was released on May 14, 2010, and is available for download via Steam and the Rockstar website. The game is set in the 1940s-early 1950s era of Empire Bay, a fictional city based on the New Bordeaux depicted in the 1943 film noir Wings of Desire. Players may either be a Vito Scaletta, a skilled soldier who is fighting against the enemies, or a new character, the female protagonist Anna Crawford. The story features Anna's quest to resolve her father's murder, who is the head of the Crimini family, as well as her missions to infiltrate the underworld. Gameplay Mafia 2 is primarily an action-adventure game, with RPG elements. Players may either be a Vito Scaletta, a skilled soldier who is fighting against the enemies, or a new character, the female protagonist Anna Crawford. Anna controls a chosen one, with good features and bad ones. A good choice increases her choices and characteristics, while a bad one will make her lose some gameplay. Her karma can be increased or decreased by the player's choices. Anna can use various weapon and she has also a shield, a melee weapon, and she can also upgrade them. The melee weapon, for example, can be converted into a rifle, which makes the player more accurate, and A. Mafia 2 feature two main races: A.I. or NPC characters and humans. The humans can be either good, neutral, or evil; while the NPC characters are always evil. The game. Plot Mafia 2 is set in Empire Bay, a fictional city based on the New Bordeaux depicted in the 1943 film noir Wings of Desire. In the 1940s-early 1950s era, the city is divided into five different gangs, each controlled by a different family. The game story revolves around Anna Crawford, the protagonist. Anna was a young girl who was found in the wasteland of Empire Bay when she was three years old. She is the daughter of an honest, well-known carpenter who was assassinated. Fearing that she would be picked on, Anna did not

While writing a Greasemonkey script I was thinking I'll need to do something (no matter what it is) using JavaScript, and I discovered that all the JavaScript functions, or at least the ones that I remember and what I used in the past, such as document.body.appendChild(), are not available in Greasemonkey (which I realized was simply because my browser had disabled JavaScript in Greasemonkey). I'm using Firefox, and using Greasemonkey 1.10.17. Is this a limitation of Greasemonkey or am I missing something? Am I going to have to manually add the function to this.document? How can I use the.appendChild() function in Greasemonkey? A: The appendChild() and removeChild() functions are not available in greasemonkey yet, I believe, due to potential security issues.
