THE STORY A kingdom is collapsing. The kingdom you live in, which has a king from the S'q'nig ha'reh the ancient race, no longer exists as a unified state. Every corner of the kingdom is now a battlefield. This is "The Great War" of the S'q'nig ha'reh. "The Great War" was a war that the human nation could not win. Those who lost their lives fought without being defeated. The country was rebuilt after "The Great War," but they had no means of receiving help. However, in order to hide the existence of the ring from the human kingdom, the king quickly carried out a coup d'état and the country soon fell under a military regime. While the royal family was forced into exile, they were never allowed to leave the country. In this very same country, the H'va'g'n, a race that lives a solitary existence in a solitary land, have slowly disappeared. Humans living together never existed. Humans fighting together also never existed. When humans of the same race peacefully coexist, and for the first time find one another, a truce is concluded. Even among the humans, peace reigns. However, because the possibility of war never disappears, there is no peace in the long run. And then one day, the H'va'g'n burst into a human city and carried out a massacre. On their way out, they left a message: "If
