Bootable Uboot is a utility that will help you quickly and easily install Windows 7/8.1/10 on a PC or laptop. The program has a simple and intuitive graphical interface. After starting the program, you will see a window with a partition selection for installation, where you have to select the partition you need for installation. After selecting a partition, a window will open for formatting the disk in NTFS or FAT. Next, after formatting, the installation of Windows from a USB flash drive will begin.
