Delayed implantation of the left atrial appendage for the treatment of mitral atrial fibrillation. Several surgical techniques have been introduced to treat chronic atrial fibrillation. Some techniques do not require cardiopulmonary bypass. We studied our experience using a technically simple approach. From May 2002 to December 2006, 38 consecutive patients with chronic, persistent atrial fibrillation were treated. Mean follow-up was 14.2 months. All patients underwent left atrial appendage occlusion for the treatment of left atrial thrombus. All patients were in atrial fibrillation for a mean period of 4.1 years. Mitral valve area increased from 0.76 cm2 to 0.97 cm2 (p Q: ruby on rails routes in production mode I'm wondering what's the best way to set up the routes in production mode? Is there something that forces you to set up every path? Here's how i do it in development mode: Sample route in development mode: map.connect '/login', :controller => 'accounts/sessions', :action => 'new' There is only one route for every path. So i can easily change the sign-
