Hitman Absolution Mac Os X Torrent The series has also been compared to the works of another developer, Square Enix's Hitman series. IO Interactive looked over the idea of making a stand-alone, "elitist" game, "softer" than "the regular game". Hitman Absolution Mac Os X Torrent It began as "informal" meetings with IO CEO Oli Shaw about the Hitman license. IO's team studied the Hitman license and played it, becoming very familiar with it. The license was a lengthy analysis process but IO saw fit to make the decision. In addition to all the fans of the game, the license was the chance to play with the fantasy world of Project 47, and think about new ways of making a game (including writing a new mission). The license for the game was accepted. Some results:
